

THE EIZO INDUSTRY LEADING FIVE-YEAR WARRANTY!

EIZO is currently the only monitor manufacturer to have a 5-year warranty, as standard, on the majority of its extensive monitor range purchased since January 1st 2005!

Scope of warranty

Please see below the warranty cover for your EIZO monitor

EIZO FlexScan Products

The standard 'return to base' EIZO 5 year warranty applies to the majority* of the EIZO FlexScan range. It includes all aspects of the monitor and is valid for up to five years or 30,000 hours of operation, whichever comes first.

* excludes EIZO Touchscreen monitors and 15" EIZO FlexScan monitors

EIZO ColorEdge Products

All EIZO ColorEdge CG and CE products purchased in the UK since 24th February 2008 are all covered by the new EIZO 5-year 'on-site warranty'. With the help of servicing company Unitrans Logistics, the new warranty includes an on-site monitor double swap-out facility, ensuring you are not without your EIZO monitor if anything should go wrong.

EIZO RadiForce, M-series & MX-series Products

All EIZO RadiForce, M-series and MX-series products purchased in the UK since 30th July 2007 are all covered by the new EIZO 3- year or 5-year 'on-site warranty'*. With the help of servicing company Unitrans Logistics, the new warranty includes a next day, on-site monitor double swap-out facility.

For any warranty query please call the **Service Hotline** on **01344 355756** open Monday to Friday from 9:00 until 17:30.

For further information please look to the relevant warranty sheet for information on your product on the support page on www.eizo.co.uk or call us on **01344 355720** to find out more.
